

**Websubmission only**<http://ees.elsevier.com/acvd>**SUBMIT YOUR ARTICLES****How to proceed ?**

(in summary)

Websubmission exclusively	<a href="http://ees.elsevier.com/acvd">http://ees.elsevier.com/acvd</a>
Cover letter	See general instructions for authors
Maximum length (including references, figure legends and tables)	≤ 5000 words (≤ 1500 words for Editorials)
File	Word file (saved in .doc format).
Clinical papers	<b>Title page</b>
	<b>Abstract:</b> ≤ 250 words and structured : (a) Background, (b) Aims, (c) Methods, (d) Results, (e) Conclusion
	<b>Keywords</b> ≤ 6
	<b>Structured text:</b> Background, methods, results, discussion, Funding, acknowledgements, references, figure legends, Text tables, figures (TIFF or JPEG format high resolution).
Reviews	(Invited) ≤ 5000 words maximum, including an unstructured abstract (≤ 250 words).
Editorial Comments	(Invited) (≤ 1500 words, ≤ 15 references)
Illustrative clinical images (300 ppi) and videos (.av)	≤ 250 words (no references), ≤ 3 authors
Letters to the Editor	≤ 500 words, no original data, ≤ 3 authors

# Archives of Cardiovascular Diseases

Formerly *Archives des maladies du cœur et des vaisseaux***Websubmission only**<http://ees.elsevier.com/acvd>**Editorials**

- From Archives des Maladies du Cœur et des Vaisseaux to Archives of Cardiovascular Diseases: changing format for improved content.**  
Danchin N. **1**
- Archives of Cardiovascular Diseases: a demanding challenge**  
Daubert J.C. **3**
- Archives of Cardiovascular Diseases: objectives and commitments**  
Cohen A. et al. **5**

**Scientific editorials**

- Stenting for unprotected left main coronary artery stenosis: a further step**  
Cottin Y. **7**
- Evaluation of aortic stiffness to predict and prevent the risk of atrial fibrillation in hypertensive patients in their 50's**  
Chamontin B. **9**

**Clinical research**

- Clinical and angiographic results of angioplasty with a paclitaxel-eluting stent for unprotected left main coronary artery disease (a study of 101 consecutive patients)**  
Cherradi R. et al. **11**
- Wolff-Parkinson-White syndrome in the elderly: clinical and electrophysiological findings**  
Brembilla-Perrot B. et al. **18**
- Particularities of peripheral arterial disease managed in vascular surgery in the French West Indies**  
Deneuve M. et al. **23**

**Mechanical circulatory assistance and myocardial infarction with refractory cardiogenic shock: clinical experience in 10 patients at a teaching hospital in Rouen**  
Brunet D. et al. **30**

**Arterial stiffness is associated with left atrial size in hypertensive patients**  
Lantelme P. et al. **35**

**Echocardiographic assessment of the incidence of mechanical complications during the early phase of myocardial infarction in the reperfusion era: a French multicentre prospective registry**  
Gueret P. et al. **41**

**Effect of time to treatment and age on one year mortality in acute STEMI: difference between thrombolysis and primary percutaneous coronary intervention**  
de Labriolle A. et al. **48**

**Reviews**

- Cardiac resynchronization therapy: which device to implant ?**  
Leclercq C. et al. **55**
- Assessment of myocardial ischemia and viability using tissue Doppler and deformation imaging: the lessons from the experimental studies**  
Thibault H. et al. **61**

**Images in cardiovascular medicine**

- Secundum atrial septal defect assessed by 2D and 3D echocardiography in adult: atrial septal defect and 3D echo**  
Acar P. et al. **69**
- Nearly circumferential delayed contrast enhancement in severe ischemic cardiomyopathy**  
Leurent G. et al. **70**
- 2D strain imaging in the setting of acute myocardial infarction**  
Bergler-Klein J. et al. **72**

Tome 101 - n°1 - January 2008

# Archives of Cardiovascular Diseases

Formerly Archives des maladies du Cœur et des Vaisseaux

*Official journal of the French Society of Cardiology*

**Archives of Cardiovascular Diseases** publishes original peer-reviewed clinical and research articles, epidemiological studies, new methodological clinical approaches, review articles, editorials and Images in cardiovascular medicine.

Topics include coronary artery and valve diseases, interventional and pediatric cardiology, cardiovascular surgery, cardiomyopathy and heart failure, arrhythmias and stimulation, cardiovascular imaging, vascular medicine and hypertension, epidemiology and risk factors, and large multicenter studies.

+ The journal also publishes abstracts of papers presented at the annual sessions of the Journées Européennes de la Société Française de Cardiologie and the guidelines edited by the French Society of Cardiology.
